

Specialty Products

Felted Soap

Each bar of felted soap is wrapped in alpaca or sheep wool. Felted soaps lather extremely well. The felting acts as a built in washcloth and shrinks with the soap. Most bars are decorated with cute pictures of all sorts of things like animals, snow men, ships, buildings, holidays, and special occasions.

Laundry Soap

We make an unscented all natural liquid laundry soap that's earth and skin safe. Comes in quart size bottles that go a long way: just 2-4 tablespoons per load!

Lotions

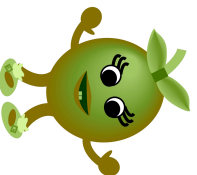

Try our rich creamy natural lotions. We can make your favorite scent or a scent to match your soap. Available in a variety of scents or request a custom scent. We use non-GMO ingredients.

Lip Balms

Try our all-natural lip balms to soothe and moisturize your lips. Our lip balms are made from 100% natural ingredients: beeswax, shea butter, sweet almond oil, and vitamin E oil. They are naturally smooth and creamy, not greasy, with no chemicals or preservatives. Available in a variety of scents.

Baby Olive

Our Baby Olive products are specially formulated for those with sensitive skin. Perfect for the nursery, or baby shower gift. We make soap, shampoo, and a bum balm. With organic olive oil as the primary ingredient, these products are gentle, nourishing, and have no bad chemicals.

Our Farm

In addition to ingredients for our soap, our farm also produces goat milk, goat cheese, chocolate fudge, and eggs. We occasionally sell goats as well.

Events

We host an open house in the fall in early December and a goat milking demonstration at each of our farmers' markets in June each year. Come see the cute baby goats at our Baby Goat Experience event in the spring. Check out our web site and facebook for details.

Ordering Information

Prices

Unscented and Fragrance Oil Soaps are \$5 each, Essential Oil Soaps are \$6 each. For every four full priced bars of soap, get one free.

We make purchasing easy!

Our soaps are available at Art Crafters and The Gathering Place in Dayton and The Cottage House in Chattanooga, as well as at farmer's markets in Chattanooga and Ooltewah. Our website lists all locations. You can also order online. We ship most orders within 24 hours and shipping costs are low, especially for multiple bars. Contact us for overnight shipping.

Save on shipping:

We can deliver web orders to our farmer's markets if placed a couple days in advance.

Handmade Goat Milk Soap

Our soaps are handmade in Dayton, Tennessee with fresh milk from our Alpine dairy goats.

Our goal is to make gentle, natural bath and body products that gently clean and moisturize. They also lather well and last a long time.

Goat milk has been used as a luxurious beauty aid for centuries. The milk proteins, which contain alpha-hydroxy acids

and lactic acid, are helpful at renewing skin cells.

The pH is much closer to our skins pH than commercial soaps.

Goat milk is rich in proteins, vitamins, and minerals, creamy and moisturizing, a special treat for your skin.

We make soaps in a wide variety of scents, using both essential oils and fragrances. Our unscented and essential oil soaps are all natural!

These soaps are handcrafted and may vary slightly in bar shape and size. Its part of their handmade charm :)

Average bar size 6-7 ounces. More than one ounce of goat milk used in every bar!

Our Soaps

We carry a wide variety of scents, more than what we bring to farmer's markets or in stores! We usually have additional scents not listed here. Check our web site for a full list. Availability may vary.

Soap Ingredients

Most of our soaps are made with:

Goat milk, * lard, coconut oil, sunflower oil, olive oil, avocado oil and shea butter; essential oil or fragrance oil for scented soaps, and ultramarines and/or micas for colored soaps.

Some soaps have ingredients such as babassu oil, rice bran oil, vitamin E, aloe vera juice, honey, * beeswax, palm oil, organic olive oil, activated charcoal, coffee grinds, pureed cucumber, * carrot, * sweet potato, * strawberry seeds, dried herbs, * and botanicals. *

We leave many soaps in their natural color; these are generally shades of white through tan. Soaps scented with vanilla or cinnamon type fragrances will turn a shade of brown. Herbs and botanicals may affect color slightly too. Some soaps use clays mined from the earth for their color and beneficial properties.

Some soaps have specialized ingredients. Our Baby Olive line uses organic olive oil, and our lard-free line uses palm oil in place of lard.

Specific ingredients for each soap are listed online and on the soap label.

*Indicates an ingredient made, grown, or produced on our farm.

We are working to source more and more of our own ingredients locally or on our farm. Sign up for our newsletter or follow us on Facebook or Twitter to hear when these become available!

All soaps are handmade in the USA.

Custom Orders

Wedding/Party Favors

We can custom make bars of soap in your choice of scent, color, and size/shape to make uniquely special wedding or party favors. Bars can be packaged in personalized packaging of your choice, including velvet pouches, organza bags, or little gift boxes. Please inquire for more details and pricing.

Gift Baskets

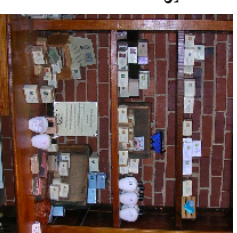

We custom make gift baskets. Please inquire for more information.

Wholesale Orders

We can wholesale our soaps and other products. Please contact us for information.

Pictured here is a retail display of our soaps.

Custom Soaps

Soaps can be ordered as entire logs, cut into hotel size bars, or anywhere in between. We can make special labels for your bed and breakfast or resort. We can modify the ingredients, and mix and match scents as well.
